

ASPEN MOUNTAIN SUMMIT

- From Rock Springs: 7 miles South on Hwy 430
- Turn right on upgraded road
- 2.6 miles to intersection of two-track
- Park here while still on public land
- Start walking down existing two-track
- Cross existing two-track that goes to an old well (This is where the climbing really starts!)
- No trail exists from here on, continue up the hill through the saddle in the rocks at the top
- Stay west of Lion Butte to remain on BLM land

(Please note: although we are allowed access to Rock Springs Grazing Association land, we need to be respectful of this private land and the BLM public land.)
