

WHITE MOUNTAIN SUMMIT

- In Rock Springs: park on the south end of Summit Dr. by the foot bridge.
- Follow the main two-track to the base of the mountain for approximately 1 mile.
- Continue up the two-track to the first bench.
(There are a lot of trails, two-tracks, and single-tracks here but you will see the trail that goes to the summit to the north of the radio towers)
- From the first bench, you will see where the trail continues to the top
- There are trails everywhere on White Mountain so if you find one you like, take it!

(Please note: although we are allowed access to Aggie Grazing land we need to be respectful of this private land and the BLM public land.)
